

Logic Riddles

Description: Challenge your creative thinking to solve intriguing logic riddles!

Rules/Procedures:

1. Competitors will first take a 15 minute individual worksheet.
2. This worksheet will include problems and situations which will test your ability to think creatively and use logic.
3. Afterwards, students will share and discuss answers with each other. Supervisors will then share the correct answers.
4. Points will be given to answers that are correct and also to answers that are the most creative.
5. If time permits, competitors may share puzzles they know with the group.

Prizes: Puzzle books and more
